

Bowling

Spot Bowling - Feedback

- _____ Aim at arrows on the floor.
- _____ Adjust starting position based on results of previous throw.
- _____ Use center arrow for first throw (the friction of the lane will move the ball a little to the left or right before contacting the pins).
- _____ Start on left side of lane when pins are left on the right side of the lane (right handed bowler).
- _____ Start on right side of lane when pins are left on left side of lane (right handed bowler).
- _____ Hit pins directly behind each other straight on.
